## SPEECHES

### SPEAKING TO AN AUDIENCE

Plan a one minute speech to explain your invention.

Think about:

**WHAT** your invention does.

**WHY** people need to use it.

**HOW** you are going to persuade your audience to buy it.

Use the **AFOREST** ideas to help you write your speech.

Write out your speech using **YOUR OWN WORDS** (you will find it easier and be more confident when you speak to an audience).

Start reading your speech to an audience - family, pets or to a mirror.

### SPEAKING TO AN AUDIENCE

What do you have to think about when speaking to an audience?
